FRANCHISE FOR BRIDGE IS ORDERED

SUPERVISORS INSTRUCT DISTRICT ATTORNEY SWART TO DRAW UP PERMIT FOR WEBB AND HIS ASSOCIATES.

To all appearances a bridge across the bay from Coyote Point to Alvarado became assured Tuesday when the San Mateo county supervisors instructed District Attorney Franklin Swart to prepare a franchise for Frank Elbridge Webb and his associates of New York City, who are planning to finance and build the great structure. It was stated after the meeting that the franchise would be formally voted this week.

The supervisors, in taking this action, overruled District Attorney Franklin Swart, who argued for further postponement of action for two weeks or a month. For several weeks the supervisors have been meeting and adjourning without reaching a decision pending a report on legal phases of the franchise from Mr. Swart. Tuesday they conferred with the district attorney in executive session and ordered him forthwith to draw up the franchise in conjunction with other attorneys after Mr. Swart had given a verbal opinion that the proceeding would be legal.

The bridge, as planned by Colonel Webb, will cost approximately \$8,000,000. Money for its construction will be forthcoming as soon as the franchise has been granted officially, he said. Construction work will be pushed as rapidly as possible. The structure is expected to be the first completed in the "Bridge the Bay" campaign.

The meeting room of the supervisors was filled with persons from all sections of the county when the matter was called. Instead of a public discussion the supervisors went into executive session with the district attorney; Albert Mansfield, city attorney of Redwood City; J. W. Coleberd, city attorney of South San Francisco; J. N. Kirkbride, city attorney of San Mateo, and Colonel Webb.

The east side highway plan was another matter before the supervisors. In this discussion Supervisor Richard Welch of San Francisco, H. A. Mason of the state highway commission, and George M. Lull, San Francisco city attorney, took part. It was decided to hold further meetings to straighten out necessary legal points in order formally to approve the joint county highway act.

District Attorney Swart declared, in connection with the decision to proceed with the east side highway project, that private interests were responsible for delaying the plan. Supervisor Welch of San Francisco concurred in this statement.

Soundings preparatory to the construction of the bridge which will connect the peninsula with the east bay district will be made Monday in the stream off Little Coyote Point and at the approaches of the bridge on both sides, it was announced by Frank Elbridge Webb, following a conference with his engineers. The preliminary survey will be under the direction of John B. Leonard, San Francisco engineer.

The survey and sounding work will be completed in less than three months, Webb estimates, and his construction contract will be ready for allotment to the Keystone State Construction Company of Philadelphia less than four months later.

The toll rates for traffic on the bridge, which were listed in the franchise draft by Webb's attorney, are as follows:

Seven-passenger automobiles \$.50
(Driver included in all and 5 cents for each passenger.)

CHAMBER ELECTION PLAN FOR SATURDAY

Ballot Box to Be in F. A. Cunningham's Office; Ten Suggested as Nominees for Directors.

The meeting of the Chamber of Commerce Tuesday evening was marked by the presence of about a dozen young men who desire the position of secretary of the Chamber. All were clean-cut young fellows and from their number one will probably be chosen by the new board of directors, who will be elected next Saturday.

The plan of election for president, vice-president and directors was also definitely decided upon at this meeting. Next Saturday there will be a ballot box in the office of F. A. Cunningham into which the members may drop the names of their candidates. The nominating committee which was appointed at the last meeting made its report. It suggested ten names, from which five directors will be elected. The ten named are as follows: Henry Haaker, Andrew Hynding, J. Carmody, Fred Lautze, C. F. Schurk, E. E. Cunningham, V. Boido, Lawrence Vincenzini, B. H. Truax, Henry Minucciani. As nominees for the presidency several were selected, but all withdrew in favor of Dr. F. S. Dolley, present president. It is earnestly desired that all members of the Chamber cast their vote Saturday. Slips of paper will be provided and each may register his choice for officers for the coming year.

Andrew Hynding, chairman of the committee appointed to take up the matter of tree planting and a clean-up week with the city trustees, reported the success of his mission, the trustees having declared their intention of continuing planting shade trees this spring and of starting a gang of men to cleaning up sidewalks, streets and parkings. It is planned that the Woman's Club members and the school children of the city will be enlisted in the good work.

BOLD HOLD-UP OF STREET CAR HERE

Conductor on Midnight Car Monday Is Robbed at Point of Gun.

One of the boldest robberies ever occurring in this city was staged Monday night about midnight, when a lone bandit held up the last street car leaving this city and relieved the conductor of his watch and all the money in his possession. So far as can be learned it was also this city's first street car robbery.

The bandit boarded the car near the public library. The conductor, Herbert Uhler of Daly City, and the motorman, E. C. Morrow, were alone on the car at the time. According to one report the robbery was pulled off so quietly that the motorman knew nothing about it until after the bandit had gone.

The robber, who is stated to be a young man, as soon as the car started suddenly drew a pistol, placed it against Conductor Uhler's body, and demanded his valuables. A gold watch given the conductor last Christmas and \$25 in cash was his booty.

The man held the conductor at the point of the gun for about two blocks and when the car had reached the corner near the grammar school himself pulled the bell cord. He then backed off the car and quickly disappeared.

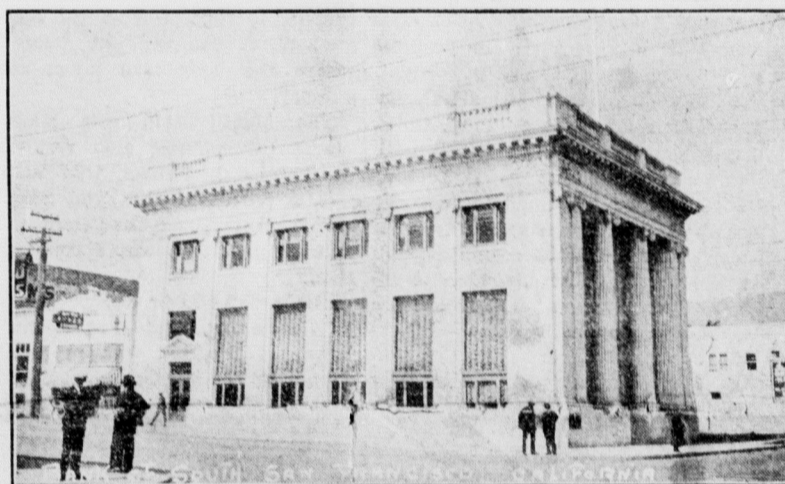

From the fact that the man seemed to know this was the car's last run for the night and showed familiarity with the part of town through which they were passing, it is believed he may live in this city or be a frequent passenger on the local street cars.

The only thing more monotonous than to have to do the same things at the same time every day is having to do nothing at any time any day.

WOULD YOU RECOGNIZE THE BANK CORNER FROM THE FIRST PICTURE?

Bank corner in 1893. The building shown is this city's first fire hall and Chief Crouse, the first fire chief, stands at the portal.

The bank corner today. The beautiful building of the Bank of South San Francisco, built in 1918 at a cost of approximately \$90,000.

One of the most remarkable changes in any business corner of South San Francisco is that made in the northwest corner of Linden and Grand avenues, usually known as the "bank corner." The upper picture of the two shown above is that of South San Francisco's first fire hall, built on this corner in 1893. Fire Chief Crouse, the budding young city's first fire chief, was also architect and builder of this imposing edifice. He is shown standing in the doorway. The building shown in the distance is the Baden Hotel. This building is still standing and used as a hotel on Grand avenue.

This little structure that housed

South San Francisco's first fire-fighting apparatus was built just west of where the bank stands today and faced on Grand avenue.

The present beautiful bank structure was built in 1918 at a cost of approximately \$90,000, and is one of the finest structures of its kind in this part of the state and undoubtedly the finest in San Mateo county. Its present deposits of over a million and a half dollars speak volumes for the growth and prosperity of this city and the surrounding territory. There could hardly be a greater contrast that that between the two buildings that have occupied this corner and are pictured above.

FIRST BABY BORN HERE SECOND TIME A MOTHER

The first baby born in South San Francisco became a mother for the second time Sunday when Mrs. Clyde Smith of Miller avenue gave birth to a baby boy. Mrs. Smith, before her marriage Miss Dora Harder, daughter of Mr. and Mrs. Richard Harder of San Bruno road, has the distinction of being the first child born in this city, she arriving here early in the '90s. And now Mrs. Smith has the further distinction of giving birth to one of the largest babies ever born here, her young son, according to Dr. T. C. Doak, the attending physician, weighing eleven pounds at birth.

JUDGE FARRELL HOLDS COURT IN DALY CITY

Judge Edward Farrell went to Daly City Wednesday to hold court for Judge Ellis C. Johnson, who is ill. Judge Farrell has announced that he plans to hold court in San Bruno two days of each week, using the Council chamber at the city hall as a court room.

CUTTING CORNERS COSTS ROMPERO \$10

F. Rompero was up in Judge Cunningham's court Wednesday morning on a charge of cutting corners. He contributed \$10 to the city treasury and went his way, sadder but wiser.

REMARKABLE NEW COUPON OFFER!

Here's something brand new The Enterprise is introducing in its big Travel Club circulation campaign just starting. Every subscriber or prospective subscriber will be interested, as it is the most generous offer ever heard of in this city.

For every \$2.50 that any person gives a candidate in the contest to pay for a year's subscription, that person will be given a coupon book containing \$2.50 worth of coupons redeemable in stores in South San Francisco. This will give everybody who pays \$2.50 for a subscription \$2.50 worth of merchandise free. Furthermore you can take The Enterprise four years if you wish, pay \$10 and get \$10 worth of merchandise coupons. Did you ever hear of anything like that before? You did not! Then get busy and send in the name of a candidate, or if some friend of yours is already started give him or her your subscription and get your coupons.

MERCHANTS' WHIST PARTY POSTPONED

Chairman's Illness Causes Association Members to Set Feb. 7 as New Date; 32 Prizes to Be Given.

Because of the illness of A. T. Arndt, chairman of the arrangement plans for the big whist party to be held by the South San Francisco Merchants' Association, it has been decided to postpone the affair for one week. This will bring it on the evening of February 7th.

A list of thirty prizes have now been piled up as awards for the big party. A part of these will be for door prizes, the remainder as prizes for the whist players. These prizes range from a phonograph worth \$100 to prizes of a value of two or three dollars. There are groceries, articles from practically every store in town and of every variety and value. A detailed list of the long array of prizes and the donors of each will be given in next week's Enterprise.

There will be a record crowd out at the big card party by present indications. At the party last year 100 tables were filled with players, and there is every prospect that as many will be present this year in Metropolitan Hall when the evening of February 7th arrives.

To assist A. T. Arndt, chairman of arrangements, a committee was appointed to act on the night of the party, C. F. Schurk, A. J. Eschelbach, R. R. Viëtte and Mr. Gagiani being named.

The association went on record as officially endorsing the great "Travel Club" circulation campaign that The Enterprise is putting on, and several of the merchants present signed contracts to redeem the coupons that The Enterprise will give to every person taking a \$2.50 subscription. This plan, as explained by a representative of The Enterprise, is to issue \$2.50 worth of merchandise coupons in a book that may be used in buying merchandise in this city at

TWO SENT TO PRISON FOR DALY CITY KILLING

Three Now in San Quentin for Brutal Murder of S. P. Shopman.

Tuesday of this week Sheriff H. W. Lampkin went to San Quentin with Claude Merritt and Eddie Condon, convicted and confessed accomplices in the murder of Karl Ersepke, Daly City shopman, killed during the recent railroad strike. Merritt was convicted of second degree murder in Judge G. H. Buck's court last Friday. Condon pleaded guilty to second degree murder. Both men will serve indeterminate sentences of from ten years to life. In sentencing Merritt, Judge Buck stated he regretted that the jury had not brought in a verdict of first degree murder as in the case of Cornelison, convicted of the same crime. Cornelison is now in San Quentin, sentenced to life imprisonment.

BIRTHDAY PARTY GIVEN AT HOLBROOK HOME

Last Saturday the J. H. Holbrook home was the scene of a pleasant birthday party given in honor of Mr. Holbrook, Mrs. Roy Ebey of San Francisco, a cousin of Mr. Holbrook and Mrs. I. M. Dotson of this city, and Charles Clark of Crockett, all three persons having a birthday anniversary on this date. The evening was spent in dancing and playing games. Those present besides the Holbrook family were Mr. and Mrs. Allen Ebey and daughters of San Francisco, Mr. and Mrs. Roy Ebey of San Francisco, Mr. and Mrs. H. Lintott and Mr. and Mrs. I. M. Dotson and family.

One who wears his welcome out never had any welcome to wear out.

MANY VALUABLE PRIZES FOR WORKERS

SEVEN WORTH-WHILE PREMIUMS TO BE GIVEN OUT TO THOSE WHO PROVE HUSTLERS IN THE NEXT FEW WEEKS.

Are you one of the live wires who have joined The Enterprise Travel Club or are you still thinking it over?

Better make up your mind while there is still plenty of time. If your name has not already been entered, do not wait for some one to send it in but cut out a nomination blank from The Enterprise and send it in today. The campaign is just starting and you have the opportunity to share in an offering such as is seldom made outside the great metropolitan dailies.

We have been so fortunate as to secure a Dodge Car, purchased from H. R. Viëtte, and valued at \$1065.00, as the first grand prize. This is a 1923 Model 5-Passenger Touring Car, and is fully equipped with electric horn, robe rail, foot rail, license brackets, tire pump, high-pressure grease gun, jack, tool kit, tire carrier with demountable rim.

This car may be seen at the Dodge show rooms, Linden and Commercial avenues.

Wouldn't you like to win this dandy car? Wouldn't you derive lots of pleasure out of the use of this car? Just think of the good times you could have taking trips and outings if you had this car for your very own!

You can have it, too—and it will not cost you a cent. All you have to do is to get out and hustle during your spare time for the next few weeks. Subscriptions are not hard to get; in fact, you will find it the easiest work you have ever done, as every one is anxious to subscribe during the term of the Travel Club, as they not only get a good paper, but with the coupons which will be honored by the leading merchants of South San Francisco they have the opportunity of getting the paper free of charge. This offer will close as soon as the campaign is over, so that the Travel Club members are doing the subscribers a favor to take their subscriptions at this time.

Six Days of Delight

When one journeys to Hawaii from the American mainland the five or six day trip on the water is an appropriate prelude, for choppy waters are usually left behind quickly. Storms are few. Usually the ship skims along day after day over the sparkling seas where the porpoise, the flying-fish and the seagulls play in the gorgeous blue by day, and the phosphorescence of the water and the sheen of the moon and stars make entrancing lights by night.

One takes to sports or hikes the long promenade or simply luxuriates in a steamer chair with pipe or book and food, recreation and refreshments follow each other so closely that no moment is dull.

There is music by day and dancing by night, card parties, movie shows and whatnot. The passenger is in reality a citizen of a tiny first class city.

And that never to be forgotten morning of the last day aboard, when the green peaks of Oahu rise up from the blue to welcome you! The bold, bare, rock headlands of Makapuu, the eastern point of Oahu, succeeded successively by Koko crater and Diamond Head, are a surprise to those who look for tropic verdure everywhere, but as the developing scene opens up there is Waikiki Beach, with its long lines of succeeding surf, its plummy palms and rich verdure to the water's edge; and nearer in, the little brown rascals

LET'S CLEAN UP

The suggestion put forth at the last meeting of the city trustees and again at Tuesday evening's meeting of the Chamber of Commerce to hold a "Clean Up" week in this city is an excellent one. Clean up days or weeks are annual features in many towns and always productive of good results. A town where the vacant lots are overgrown with weeds and are used as dumps for rubbish, where the sidewalks show neglect and the parkings are supporting weeds and covered with trash, is a town that home-seekers avoid. No man wants to bring his family into a town where there is little evidence of civic pride and very few investors will put money into a city that pays no attention to its appearance. Mighty few business men would hire a man who came looking for a job with soiled face and clothing, and just as few want to live in a town that is dirty and unkempt. "Always look neat" is a motto that long ago was accepted as a fundamental in business. "Keep your town looking neat" is just as important, and should appeal just as strongly to every person who gives it a thought. Let's shine South San Francisco up. Hundreds of persons living elsewhere pass through it daily. Let's make it so neat that every one of them will remark on its improved appearance.

TRAFFIC CONGESTION HINT

One of the most serious problems confronting the police departments of all large cities is the care of traffic on streets that were laid out many years ago before automobiles came into use and are so narrow they can scarcely accommodate street car tracks, moving streams of auto traffic and cars standing at the curbs. A suggestion as to one method of solving the problem has been given by W. R. Alberger, vice-president and general manager of the Key Route interurban street car system of Oakland.

Mr. Alberger says: "Ten years hence nothing but moving vehicles will be allowed on city streets. What would a city council say if I asked it for permission to run spur tracks from my main track to the curb so my street cars could be parked conveniently when not in use? It would call me crazy. "But thousands of automobiles claim the privilege of parking all day on busy streets, thereby causing great congestion and blocking of streets to the inconvenience and even danger to persons and property. "Ten years hence this will not be allowed."

Easter Sunday generally finds the front seats occupied by women. The men would be there too if they could wear their new hats in church.

There is one advantage in occupying the back pew in church. It gives a person a good view of the heads that nod during the sermon.

It pays us to go hungry occasionally. It teaches us to be thankful for what the Lord gives us at other times.

All men are grateful for favors before they are granted.

Poem by Uncle John

MY KANSAS FLOWER

You should see the stately sunflower, growin' by my kitchen porch. . . . Like a watchman on the campus, holdin' up his regal torch. . . . Every day he pays obeisance to the author of his power,—smilin' at the master-planer, every minnit—every hour. . . . Not a frown from constanst service ever clouds his patient face. . . . On he grows, to full perfection, standin' in an humble place. . . . Keerin' nothin' fer envions—thoughtful only of his plan,—settlin' forth a rich example fer his hapless neighbor, Man.

Though our station be the humblest, there is allers room to grow. . . . Angels from the heights is callin'—Glory beckons—let us go! Ain't no harm to over-shadder smaller blossoms if we can. . . . Never will be no objections to a bigger, better man! Sunflower sets a splendid pattern as she towers above our head,—firmly rooted—crowned with glories,—what more fittin' could be said? Ain't no limit to the growin' when our time is wisely spent. . . . Every passion with the knowin' lifts us from environment!

CHAMBER ELECTION PLAN FOR SATURDAY

(Continued from page 1.)

A communication from the Sacramento Chamber of Commerce stated that they were maintaining a publicity bureau at the state capital during the present session of the legislature and would furnish information free from time to time as to the progress of measures before the body.

A letter from the local Merchants' Association asked that the Chamber take any action it might be in a position to take relative to persuading contractors on buildings in this city to give the preference to locally made construction steel. A committee will be appointed by the chairman to interview contractors when a new building is planned here.

Interesting figures as to the tonnage of freight shipped out of this city yearly were read. These figures were collected for the use of the government engineers at present engaged in gathering data concerning the practicability of dredging a deep-water channel through the bar in the bay off this city to promote deep-water shipping. This list is far from complete, but as read was as follows:

South City Lumber and Supply Company, 7953 tons; Pacific Car and Equipment Company, 4240 tons; South San Francisco Wharf Company, 101,210 tons; W. P. Fuller & Co., 132,000 tons; Pacific Coast Steel Company, 157,484 tons; Virden Packing Company, 16,000 tons; American Brake Shoe Company, 11,650 tons; Western Pipe and Steel Company, 30,000 tons, making a total of 460,537 tons. There are several factories yet to be heard from.

A letter was read from F. S. McCarger, who was in this city recently as a prospective secretary of the Chamber. Mr. McCarger stated that he had decided to take the secretaryship of the Chamber at Salinas.

NEWSPAPERMEN SHOWN FAMOUS WAR LIBRARY

A company of newspapermen and newspaperwomen from San Mateo, Santa Clara and San Benito counties were shown over Stanford University last Saturday afternoon by J. A. Ross, business manager of the university and of the Stanford estate. During the course of the trip they were shown the famous Hoover War Library, presented to the university by Herbert Hoover. This library contains thousands of volumes, manuscripts, newspapers, reports of government departments of all governments interested in the war, etc. It is the second largest collection of its kind in the world and its value is even now almost beyond price and will increase greatly with the passage of time.

Following the trip the company gathered at a dinner served in a Palo Alto restaurant. Here a business session was held. Those from San Mateo county attending were S. D. Merk of the Burlingame Advance and Robert Speed of The Enterprise.

Praise Indeed.

A young clerk was called before the manager. "Mr. Jones, of late your work has been perfunctory."

The young man flushed and stammered. "Mr. Smith, I've been working here for three months now and, though I have tried my best, that's the first bit of praise I have received. Thank you."—Boston Transcript.

BODY FOUND ON BEACH IDENTIFIED AS WAITER

The body of a man taken from the ocean at Thornton Beach by Constable S. A. Landini of Colma last Friday was later identified as that of H. J. Hoehn, 44, a waiter, living at the Hamlin Hotel, San Francisco, according to reports from the office of Mrs. W. C. Lasswell at Daly City, where the body was taken for an autopsy.

The identification was made by Warren Cummings, also residing at the hotel. Cummings, who said he was a friend of the dead man, reported that Hoehn had left a note indicating that he would commit suicide.

The note, left in a room occupied by Cummings, said that Hoehn was "tired of life," it was reported by friends of the dead man. Hoehn had been dependent for some time, due to ill health, Cummings said.

The identification was substantiated by Rudolph Wartenburg, business agent of local No. 44, Cooks and Waiters' Union, San Francisco, of which the dead man was a member.

Nobody should try to work beyond his capacity, but how many men do you know who work up to their capacity?

Every busy man at some time or other wishes he could go away out into the woods and allow his whiskers to grow wild.

MANY VALUABLE PRIZES

(Continued from page 1.)
who dive to any depth for coins; then the bright mass of waving humanity on the pier, the Hawaiian band blaring "Aloha Oe," the native flower wreaths! That is Hawaii, the life-long dream come true!

And it will be seen by the fortunate winner of The Enterprise Travel Club.

Sunny Southern California
More than a century ago man began

shaping southern California, with its wealth of romance, flowers, fruits and sunshine, to suit his ideals. Those heroic monuments to the state's earliest civilization, the missions, founded in the eighteenth century, still stand in melancholy grandeur, surrounded by the luscious grapes, tall eucalyptus, drooping peppers and fragrant orange trees. Modern southern California will present the same lure to the winner of the trip that it did to the mission founders. The turquoise skies, perennial flowers, softly tempered climate, are reinforced by

man-planted palms and orange groves, man-bullded railroads and highways, skyscrapers, homes, churches, schools, orchards, parks, gardens, golf courses, polo fields, tennis courts, airship fleets, museums, theaters, bridge paths, race courses, moving picture studios, hotels—everything the oldest cities have and all that the newest municipalities crave.

The Grafonola

The mahogany Grafonola, which is the fourth prize, was secured from Jennings' Pharmacy, and is one of the best players on the market. We have chosen this particular machine for its beautiful tone and the good-looking case. It will be an ornament to the finest home and a never-ceasing pleasure as well. Go to the store and have Mr. Jennings demonstrate this player. You will find it all that is claimed for it. This is the fourth prize.

The I. C. S. Scholarship

The fifth prize, a scholarship in the International Correspondence School, is a prize upon which no cash value may be placed, although it would cost \$100 to purchase it. There is a long list of subjects from which the winner may select the one preferred, and in so doing may change the whole course of his life for the better, as has been done in many instances where the aspirant has the necessary pluck to go out and win the prizes.

The Sixth Prize

The sixth prize is a beautiful floor lamp, with a mahogany base and wonderful blue and gold silk shade, lined with rose. This lamp is valued at \$40. It has been purchased from and may be seen at the South San Francisco Furniture Company. Go in and look at it, as we are proud of this prize and Mr. Nieri will take pleasure in having you see it and in presenting it to the winner March 17th.

The Seventh Prize

The seventh prize is a \$25 savings account in the Bank of South San Francisco. This bank is one of the strongest banks on the coast with assets of almost two million dollars. The officers and stockholders are well known in this city and the bank at all times assures the public of every courtesy. The winner of this prize may well feel proud of having a savings account in such a great financial institution.

Twenty per cent cash commission will be paid on all new business secured by club members who remain active throughout the campaign but who do not win a prize. Campaign will close March 17th.

The Club Manager

Miss Oma Perry, who is the manager of the Travel Club, has recently conducted a contest at Redwood City and another at Mountain View. She is well known in this vicinity, having also done promotion work for the San Francisco Chronicle and the San Francisco Call, so all may feel assured of a square deal.

During the organization of the club her office hours will be from 9:30 to 10 a. m. and from 4 to 5 p. m., except by appointment.

Following are the names of those who have been nominated as club members. This list will grow from week to week. Next week the standing will be published:

Miss Phoebe Raudebaugh.
Miss Leota Farrell.
Mrs. Alice Wallace.
Mrs. Will Doyle.
Miss Mildred Grondona.
Miss Minnie Foley.
Miss Florence Robinson.
Mrs. William Hyland.
Miss Amelie Fourcans.

NOTICE TO AUTOMOBILE OWNERS

Fifty cents out of every dollar paid by automobile and motor vehicle owners for licenses is apportioned by the State to the counties from which the cars are registered to be used in maintaining roads.

In San Mateo County there are peculiar conditions, due to the fact that many whose homes are here spend a portion of the year in San Francisco; many residents of the county have San Francisco offices; residents of Daly City receive their mail through the San Francisco postoffice, and residents of some of the southern sections receive their mail through postoffices in Santa Clara County.

Thus a large amount of money justly belonging to San Mateo County for road maintenance is apportioned to other counties because the automobiles are registered from outside postoffice addresses or city homes or offices.

When applying for your license for 1923, BE SURE TO REGISTER YOUR AUTOMOBILE FROM SAN MATEO COUNTY, where the money justly belongs and where it is needed for road maintenance.

RULES OF THE CLUB

Any one of good reputation may join the Travel Club. All that is required is to cut out the Nomination Blank which appears in The Enterprise, fill out with your name and address, or that of a friend, and send or bring it to The Enterprise office. This will give you 10,000 points to begin with. All club members must agree to abide by the rules of the club. The club manager will settle all questions that may arise. In the case of a tie, prizes of equal value will be awarded. The Enterprise reserves the right to reject a nomination for cause.

Twenty per cent cash commission on new business will be paid to all active club members who do not win a prize.

In case of a typographical error the publisher will not be responsible other than to correct the error.

The campaign will close March 17th. A committee of disinterested business men will canvass the points at the close of the campaign and announce the winners.

No one will be allowed to cast more than 10,000 points ahead of another until after January 25th; 20,000 points until after February 1st, or 30,000 points until after February 15th, or 50,000 points until after March 17th, when all points will be published.

Points ballots may be reserved until the close of the campaign. Extra point ballots will be issued each week, but at no time will the same amount of subscriptions count for more points than another.

No club member may transfer points to any one else already in the club.

The club manager reserves the right to amend the rules of the club in the interest of all concerned.

There are three ways to secure points. First, by sending in a nomination blank; by clipping the coupons which appear in The Enterprise and which are good for 100 points—these will be credited to the club member whose name is written thereon.

But the quickest, easiest method of securing points is by securing subscriptions to The Enterprise. The schedule published shows just how many points each subscription entitles the club member to. Receipt books are ready and free to club members.

Come to The Enterprise office and talk over all the details with the club manager or phone the office and the manager will call at your home and explain everything to you, and will assist each club member in turn in securing points. This service is without charge.

FREE RECEIPT BOOKS

Any one who wishes to join the Travel Club may come to The Enterprise office and secure free receipt books. The Travel Club manager will explain all about them and the best way to get points and will assist all the club members in every way that is fair.

OFFICE HOURS

During the organization of the Travel Club the club manager will be at The Enterprise office from 9:30 to 10 a. m. and from 4 to 5 p. m. only, excepting by appointment.

Enrollments are coming in rapidly. If you have not yet joined The Enterprise Travel Club you should do so at once. You cannot lose. We will assist you to win. Ask us about it. Take advantage of all extra point offers.

This circulation campaign is endorsed by the South San Francisco Merchants' Association

and \$2.50 worth of coupons redeemable in merchandise will be given all persons subscribing to the Enterprise while our Travel Club drive is on.

THE ENT

In a eight weeks Gigantic Subscription Campaign just started (single) and boys and girls of the more ambitious sort residing in the city, nothing to try for the valuable prizes offered and you positively can win cash or a big prize according to his or her effort. SAN BRUNO NEWS

In case of fire in San Bruno call 155.

Mr. and Mrs. Collins of San Mateo, formerly residents of San Bruno, were the guests of the Cross family here over Sunday.

Mrs. L. Dinger of San Bruno was bruised and badly shaken recently when the bus in which she was riding was struck by an auto truck.

J. Athens of San Francisco has rented the Deloso cottage in Belle Air Park and expects to take up his residence there by the end of the month.

The Pals of Mercury basket-ball team defeated the Lomita Park Tennis Club basketballers Thursday evening last week at the South City high court. The score was 48 to 1.

Soon after the first of next month the E. Hallett family will remove from First Addition to Belle Air Park, occupying the former McGuire home east of Joe Cunningham's house.

Mr. and Mrs. H. Spielman, having sold their home on San Mateo avenue near the crossing to Paul Raynal of this place, moved to Oakland Saturday. The Raynals expect to occupy their new home shortly.

Everybody is elated at the splendid success of the whist party at California Hall last Saturday evening, given by the Northbrae P. T. A. for the purpose of establishing a free dental clinic for our school children.

A double bill has again been provided for the amusement-loving public Saturday evening of this week. The San Bruno Rifle Club will stage a masquerade ball at California Hall, while the Y. L. I. will give a big whist party at the parish hall of St. Bruno's Church.

The Civic League is bending every effort to make a grand success of the tree planting program which it has mapped out. The actual planting is to be done along in March and will cover all of First and Third additions, these two sections being the only ones in which street work is completed.

Evidently wishing their invested capital to earn money for them, the owners of the two new cottages opposite Beltramos have decided to rent them. Accordingly the Norman Nasits family occupied the corner one this week, while Mr. and Mrs. Tony Criberi will move into the other by the first of next month.

The San Bruno Basket-ball League season opens this coming Sunday, January 28th, when three games will be played, starting at 1 o'clock. The P. O. M.-B. A. Y. unlimited and 135-pound teams and the P. O. M.-Epworth League girls will play. The games will be played on the P. O. M. court by California Hall.

When you pay rent you are working for your landlord. When you buy a home you are working for yourself. We have a number of homes listed, large and small, to suit your purse. A small payment down, the rest like rent. Why continue to pay rent? Wm. Maurer, real estate and insurance, San Bruno, Calif.—Adv.

At the annual meeting of the San Bruno Taxpayers' Defense Association last Wednesday evening officers were elected for the ensuing year as follows: President, E. Uzell; secretary, Pat Kane; treasurer, Aug. Lund; trustees—William Geertz, P. W. Kemme and William Maurer. After some discussion it was unanimously agreed that, in order to more fully realize the high ideals the name of the organization (Taxpayers' Defense Association) would imply, a standing committee be appointed whose duty it shall be to look after the interests of the taxpayers with reference to general taxation, improvement assessments, etc., and in a general sense act in the capacity of a grievance committee upon whom any San Bruno taxpayer having a just grievance may call for advice and assistance. This committee is composed of the following citizens: William Geertz, P. W. Kemme, Aug. Lund and William Maurer.

BURLINGAME ADVANCE NOW TWICE-A-WEEK PAPER

Beginning last week the Burlingame Advance, which for fifteen years has been issued under S. D. Merk's editorship as a weekly newspaper, made its appearance as a twice-a-week publication. The business of the Advance has greatly increased with the rapid growth Burlingame has made in the last two or three years.

Last week the Burlingame Star, a new newspaper, made its first appearance in Burlingame. The Star is to be published by Horace W. Amphlett, editor and publisher of the San Mateo Times. The Star made its bow to the public as a weekly. The first issue was well printed and was a very readable sheet.

The announcement was made a few days ago that Redwood City was to have a new newspaper, a daily issued by George Morrell, business manager of the Palo Alto Times. The date for the first appearance of the new county seat paper has not been set, but is planned for later in the spring.

HIGH SCHOOL NEWS

THE NEW SYSTEM

Supervised studying is now being carried out in the South San Francisco high school, beginning with the new semester.

Each student is required to stay in a room one hour. The first thirty minutes are for recitation and second thirty minutes for study, which eliminates all home work.

The hours will be from 9 to 4, in place of 9 to 3, and six periods in place of seven.

The total enrollment of the senior high school is 180 students, forty being freshmen. (Every day in every way we are getting bigger and bigger.)

GIRLS' BLOCK LETTER SOCIETY

After the girls' basket-ball game with San Mateo high school last Wednesday the South San Francisco high school Block Society held its monthly meeting.

A motion was made by Miss Clifford that all girls who are graduates may join this society if they have won their block letters.

Katie Gaddini and Azalia Meeth are going to receive their blocks, and therefore will be members.

It was also suggested that we have a dance once a month for the benefit of this society.

Many girls were appointed on different committees for the coming gym jinks and for the new members that are going to be initiated.

CHAMPIONS OF THE NORTHERN SECTION

Friday, January 19th, a basket-ball game was played on the local court. The game was between the South San Francisco unlimited girls' basket-ball team and Redwood City's unlimited team.

South City was victorious, the score being 25-12.

After the game a spread was given to the players by the South City team. Zilpha Dunlap acted as toast-mistress. Speeches were made by the two captains, the coaches and referee on good sportsmanship and school spirit.

Each girl showed signs of having had a good time when they left the building at 7 o'clock.

MOUNTAIN VIEW VS. S. C. F.

Last Friday four games were scheduled to be played on the South San Francisco court. The first game was between Mountain View and South City, the 130-pound teams

playing.

Mr. Holt refereed the first half and the Mountain View coach the second. Mr. Holt was more than pleased when the game ended with South San Francisco on top, 28-4.

Unlimited Game

The unlimited game followed the 130-pound, and although it was not a victory for us, it was a fast game, showing our team at its best against some six-foot-fivers (three on the team).

The game ended with a score of 16-23 in favor of Mountain View, but it proved that our boys could fight.

"Watch and pray," advises the old hymn, but if you want your prayers to be answered it is well to do a little work while you're watching.

There is an old saying that the two most forlorn creatures in existence are a small puppy that is lost and a man whose wife is away on a visit. J. P. Lewis of The Enterprise staff says he will vouch for the correctness of the last half of it, Mrs. Lewis having left Saturday evening on the Overland Limited for a visit to their old home in Bryan, Ohio.

MICHIGAN PAPER HAS STORIES BY J. P. LEWIS

The Democrat of Cheboygan, Mich., is publishing a series of reminiscences written to that sheet by J. P. Lewis of this city, a former employee of the paper, now a member of The Enterprise staff. In its issue of January 11th it says:

"If you are reading Jim Lewis' reminiscences in this paper every week you are getting some good, snappy stories of old-time happenings that you are enjoying. Jim has a most wonderful memory and a way of telling things that one never tires of reading."

LOCAL LODGE OF YEOMEN HOLD "GROCERY WHIST" PARTY

Recently the local homestead of Yeomen gave a very successful grocery whist party. Fifteen tables were filled with players. The following were the successful winners of prizes in the order named: Charles Storek, first; Laura Tatum, second; Mrs. Joe Bildhauer, third; Mrs. Henry Knott, fourth; Harold Magnuson, fifth, and Mrs. Gunnar Bostrom, sixth. The consolation prize was won by Al Convery. A feature of the evening was a barrel containing some twenty-five different kinds of groceries that was raffled off. A. C. Buehler held the winning number. The evening's program concluded with the serving of refreshments.

NEW BURGLAR ALARMS SCARES OFF HOUSEBREAKERS

Mr. and Mrs. George Selby of 400 Lux avenue are rejoicing over the fact that they recently installed an electric burglar alarm at their new home. Late Saturday night the alarm went off as somebody attempted to raise a window. The noise of the jangling alarm frightened the marauder away and a possible robbery was averted. Charles Schurk, who with Mrs. Schurk was staying at the Selby home that night, ran to the front window and saw a man run out of the yard and get into a waiting auto. Another man, apparently a lookout, walked leisurely up and then quickly vanished in the darkness.

LIEUT. HERBERT WOODMAN IN BAD AIRPLANE FALL

In an official telegram received Friday Mrs. Anna Woodman of this city was notified that her son, Lieutenant Herbert S. Woodman, now a United States navy aviator, was injured in a fall in a plane at Catalina Island Thursday of last week. Lieutenant Woodman also was wired, but stated his injuries were not serious. News dispatches of the occurrence stated that there were five men in the plane, that it fell from a height of 2000 feet, and that one of the five was killed. One account stated that Lieutenant Woodman had both ankles broken. Although he is now a pilot, Mrs. Woodman's son was not the pilot of the plane which fell.

MRS. NUSSEL ENTERTAINS

Mrs. A. J. Nussel entertained eighteen young friends of Charles Chandler at her home on Grand avenue Monday of this week. Those present were: May, Agnes and Francis Jennings, Ida Murray, Leeta Lloyd, Dorothy Duffy, Dorothy Felsenthal, Florence Quinlan, Charles Raudebaugh, Gerald Quinlan, Jack McGraw, Louis Baldini, Eugene Murray, Lyl Lloyd, William Hickey, Charles Chandler. The evening was spent in games and dancing until 10 o'clock, when refreshments were served.

WHAT AND WHO?

In the message Sunday night in St. Paul's Methodist Episcopal Church, Rev. Asa P. Beall will speak on the theme, "That's All Right, Now Print." He will answer during the evening a number of questions, among them: "What Is a Christian?" "Who Is a Christian?" "Is a Believer a Christian?" "Is a Church Member a Christian?" "What Is an Almost Christian?" "What Is a Real Christian?" A welcome for every one at St. Paul's.

THE LEGEND OF THE LONE WOLF

IN THE beginning of time, when the world was new and beautiful, all the animals dwelt together in one place. There was no trouble between them, and the weak lay down with the strong and the strong protected the weak and all was peace and quiet.

In those days the wolf was the most beautiful of all animals, and had long hair of glossy black covering his entire body, and was much favored by Manitou, who was the ruler of the whole world.

Often the wolf and the Manitou walked together and counseled together, and they were friends unto each other, and what the Manitou would command, that would the wolf do.

But one day, as the wolf was going through the forest searching for his food, which in those days was herbs and vines and fruit and corn, there passed a small rabbit, also searching for food. And the rabbit, not seeing the wolf, started to eat at a spot which the wolf had selected for his own meal. The wolf became angry and commanded that the rabbit go elsewhere, for, he said, the fruit belonged to him and the herbs also, and there was none who dared touch it.

But the rabbit was unafraid and he turned to the great wolf and said, "Who are you to command me thus? The Manitou, who is your father, is also my father, and he who placed you here to roam also gave this spot to the rabbit for his home—and here we are to live in peace and happiness together."

But the wolf was very angry and even as the rabbit spoke the wolf jumped upon him and seized him and, with one snap of his jaws, killed him and threw his body in the brush. And then the wolf went back to his friends and told no animal of what he had done. But the Manitou, who dwelt in the sky and was father of all the animals, saw the act and knew what had happened; and he was very angry and sent his servants down to bring the wolf before him where he lived in the clouds.

When the wolf saw the servants of Manitou, he was sore afraid, and he tried to hide away where they could not find him. The hair on his back rose up from fright and as the servants of Manitou approached it was seen to turn gray at its ends from the terror, for the wolf was very much afraid.

So the servants seized the wolf and took him before the Manitou and the Manitou, who was very angry, looked at him and said:

"You are the great wolf and you are my son. But you have killed your brother the rabbit, and you shall be punished, even though you be my son and of my family."

Then he called all the lesser gods of heaven to pass judgment and to the wolf he said:

"Heretofore you have been brave and fearless. From this time on you shall be cowardly and afraid to run by yourself. You and all your family shall run together in packs, and your hand shall be against all the animals and the hands of all the animals shall be against you. No more shall you eat in peace, but you shall quarrel among yourselves, and the strong will conquer the weak, and to no other animal shall you be friend. Your glossy black hair which this day has been turned gray from fright shall ever remain gray as a mark of my displeasure, and all that see it shall know that you have disobeyed the Manitou. And now shall you hunt in packs from fear of hunting alone, and must you be on guard always, else you will be killed by your fellows—for the hand of all animals will be against you from this time forth, and the Red Man who has loved you will come to hate you, and slay you, and nowhere in all the world shall you find peace."

When the Manitou had said these words he caused the wolf to be set down again on earth, but all he said was true. The wolf no longer walked with the other animals, but sneaked along through the woods, and never more could he associate with his friends, but only with the other wolves who formed into a pack and came forth only at night and killed and were killed, even as the Manitou had said.

So it is unto this day even as the Manitou commanded. If you believe it not, go forth into the quiet of the woods and watch the wolf and see his habits. And be you always on guard, for the wolf which was good is now bad and his hand is against you and yours is against him, and so shall it be always, for that is the command of the Manitou who is the father of us all.

SAN BRUNO

The Ferns, who for several months past occupied the old Muelndor home in Huntingdon Park, this week moved back to San Francisco.

The Bertozzi family, having moved from their home on Huntingdon avenue to their flat on San Mateo avenue, "Joe," the poolroom man, brought his family over from South San Francisco to occupy the vacated premises.

Nick Powers, a former resident of Fifth Addition, who now calls San Francisco his home, was in our midst this week to see his old family physician, Dr. Bohm, on account of deafness in one ear. While here Mr. Powers gave out the disquieting news that Mrs. Powers was in the hospital as a result of a severe hemorrhage.

TRUSTEES' MEETING

At Wednesday evening's meeting of the city trustees City Clerk Miss Wilts reported she had taken an inventory of all city property.

But one building permit was issued, that to L. Wackerman of Fourth Addition for a garage.

In reply to a request that sidewalks be laid across the tracks at the crossing, the railway companies assured the board the matter would receive due attention.

The complaint of Mrs. Rogers of Third Addition relative to broken laterals in front of her house was referred to the board of health for action.

The Taxpayers' Defense Association, in behalf of residents of Fifth Addition who many months ago petitioned for a crossing affording a passageway between that addition and San Bruno Park, which crossing was granted by the Railroad Commission and agreed to by both railway companies, appealed to the board for action. The city engineer was instructed to proceed.

Again the matter of acquiring the Jenevein tract as a city hall site was brought to the board's official notice, but was laid over.

The California Pacific Title Insurance Company, in reply to a request, stated for \$35 it would search the title to the local water system to assure the city of a good deed. This offer was accepted.

In the matter of adopting a miniature map of the portion of the bay region featuring San Bruno, to be used on the city's stationery, as proposed at the previous board meeting by the Taxpayers' Defense Association, a drawing along the lines indicated showing San Bruno as the gateway to San Francisco, submitted by Thomas Wiedemann, received the approval of the board.

A resolution was passed to accept the water system, conditional on getting a clear title. A second resolution was adopted, accepting the deed to the properties in which the water acquisition assessments were delinquent, from Arthur Meehan to the city of San Bruno, and a third authorizing the city attorney to institute a suit to quiet the title on aforementioned property.

The ordinance regulating poolrooms was amended to read: \$25 for the first pool table and \$15 for each additional table.

After a lengthy discussion between the board and Building Inspector Magnuson relative to the enforcement of the building ordinance, it was agreed that, by means of a rubber stamp which the city clerk was instructed to get, a warning be stamped

"At Last—A Real Job and Real Money!"

"And if only I'd started earlier, I could have had them five years ago. I didn't realize at first what spare time study would do for a man. Taking up that I. C. S. course marked the real beginning of my success. In three months I received my first promotion. But I kept right on studying and I've been climbing ever since."

Every mail brings letters from some of the two million students of the International Correspondence Schools telling of advancements and increased salaries won through spare time study. How much longer are you going to wait before taking the step that is bound to bring you more money? Isn't it better to start now than to wait five years and then realize what the delay has cost you?

One hour after supper each night spent with the I. C. S. in the quiet of your own home will prepare you for the position you want in the week you like best.

Yes, it will! Put it up to us to prove it. Without cost, without obligation, just mark and mail this coupon.
